Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Thursday 07 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Showers, sometimes wintry. Otherwise cold and bright.

Today:
A frosty and bright start, though some areas may see freezing fog patches that are slow to clear. Otherwise, dry with sunny spells then beginning to become cloudier into the evening. Feeling cold. Maximum temperature 4 deg C (39 deg F).

Tonight:
Outbreaks of rain, sleet and snow begin to move in from the north overnight, becoming heavier into the early hours. Widespread frost expected, turning icy in places. Minimum temperature -4 deg C (25 deg F).

Friday:
Some outbreaks of rain, sleet and snow linger for a time but begin to die out into the afternoon, clearing by the night. Remaining cold, and icy in the morning. Maximum temperature 3 deg C (37 deg F).

Outlook for Saturday to Monday:
A frosty and foggy start Saturday, clearing to give sunny spells. Temperatures move back to average Sunday, with patchy cloud. Turning unsettled Monday afternoon with stronger winds and occasional rain.
